OFFICE OF RESEARCH, INNOVATION & COMMERCIALIZATION AND MEDICAL RESEARCH CENTER INSIGHTS

This section highlights key initiatives and research-focused activities under the Office of Research, Innovation and Commercialization (ORIC). It also features workshops, research publications, grant advertisements, and calls for paper submissions, reflecting the institution's commitment to fostering innovation, strengthening global partnerships, and promoting excellence in research and academic development.

LUMHS Hosts an Insightful Session on Global Scholarship Opportunities with HEC

The Office of Research, Innovation & Commercialization (ORIC), LUMHS, in collaboration with the Higher Education Commission (HEC), Pakistan, organized an informative session on international scholarship opportunities, featuring Madam Ayesha Ikram, Director General, Human Resource Development (DG HRD), HEC Pakistan. The session provided valuable guidance to students, researchers, and faculty members on international scholarship programmes, eligibility requirements, application procedures, HEC's global academic partnerships, and strategies for preparing competitive applications.

Madam Ayesha Ikram shared practical insights and encouraged aspiring scholars to explore international academic and research opportunities through proper preparation and informed decision-making.

The session highlighted LUMHS and HEC's commitment to promoting international academic exposure, strengthening research capacity, and empowering scholars to pursue higher education and research opportunities at the global level.

ORIC-LUMHS Organizes World Breast Cancer Research Day Seminar on Evidence-Based Cancer Care

A seminar commemorating World Breast Cancer Research Day was successfully organized under the Moving on After Breast Cancer Program, focusing on the theme "Data Saves Lives: Evidence Today, Better Outcomes Tomorrow."

The seminar brought together researchers, healthcare professionals, academicians, and students to emphasize the vital role of scientific research, reliable data, and evidence-based approaches in improving breast cancer prevention, diagnosis, treatment, and patient outcomes.

The event highlighted the importance of strengthening cancer research, promoting awareness, and translating scientific evidence into better healthcare practices. It served as a meaningful initiative towards advancing breast cancer research and improving the quality of care for patients.

KARACHI METROPOLITAN UNIVERSITY FACULTY MEMBERS VISIT LUMHS TO EXPLORE ACADEMIC AND RESEARCH COLLABORATION

Faculty members from Karachi Metropolitan University (KMU) visited Liaquat University of Medical & Health Sciences (LUMHS), Jamshoro, to explore the university's academic, research, laboratory, and institutional facilities.

The visit provided an opportunity for knowledge exchange, sharing of institutional experiences, and insights into academic and research practices that could contribute to the development of both institutions.

Discussions also focused on exploring potential opportunities for academic, research, and institutional collaboration, with an emphasis on strengthening professional connections and fostering mutual learning.

The visit highlighted the importance of inter-university engagement, collaborative research, and knowledge sharing in promoting academic excellence and institutional development.

CTU-MRC and ORIC-LUMHS Successfully Conduct Two-Day Hands-On Training on Research Proposal Writing

The Clinical Trial Unit (CTU), Medical Research Centre (MRC), in collaboration with the Office of Research, Innovation & Commercialization (ORIC), Liaquat University of Medical & Health Sciences (LUMHS), Jamshoro, successfully conducted a Two-Day Hands-On Training on "Research Proposal Writing" on 22–23 September 2026.

The training focused on practical aspects of research proposal development, including NRPU and SHEC grant schemes, research problem identification, formulation of aims and objectives, methodology development, budget preparation, ethical and regulatory requirements, and effective scientific proposal writing.

Through interactive sessions, practical exercises, expert feedback, and mentoring, participants gained valuable insights into transforming research ideas into well-structured, impactful, and fundable proposals.

The two-day programme served as a valuable learning and capacity-building initiative, reinforcing LUMHS's commitment to strengthening research skills, promoting innovation, and fostering a sustainable research culture among its academic and research community.

CTU-LUMHS Invites Research and Industry Partners for Clinical Trial Collaborations

THE CLINICAL TRIAL UNIT (CTU), LUMHS, OPERATING UNDER THE OFFICE OF RESEARCH, INNOVATION & COMMERCIALIZATION (ORIC), INVITES ACADEMIC, CLINICAL, PHARMACEUTICAL, BIOTECHNOLOGY, AND HEALTHCARE ORGANIZATIONS TO COLLABORATE IN ADVANCING HIGH-QUALITY CLINICAL RESEARCH.

CTU-LUMHS OFFERS COMPREHENSIVE SUPPORT THROUGHOUT THE CLINICAL RESEARCH PROCESS, INCLUDING STUDY DESIGN, CLINICAL TRIAL PROTOCOL DEVELOPMENT, REGULATORY COMPLIANCE, ETHICS APPROVALS, DATA MANAGEMENT, QUALITY ASSURANCE, AND SCIENTIFIC PUBLICATION.

THROUGH COLLABORATIVE RESEARCH PARTNERSHIPS, THE UNIT AIMS TO FACILITATE INNOVATIVE CLINICAL TRIALS, STRENGTHEN RESEARCH CAPACITY, AND TRANSLATE SCIENTIFIC DISCOVERIES INTO MEANINGFUL IMPROVEMENTS IN PATIENT CARE AND HEALTHCARE OUTCOMES.

FACULTY MEMBERS, CLINICIANS, HOSPITALS, RESEARCH INSTITUTIONS, PHARMACEUTICAL AND BIOTECHNOLOGY COMPANIES, AND MEDICAL DEVICE MANUFACTURERS ARE ENCOURAGED TO EXPLORE COLLABORATION OPPORTUNITIES.

ORIC-LUMHS ANNOUNCES NATIONAL PAK–CHINA FRIENDSHIP SHORT VIDEO COMPETITION 2026

The Higher Education Commission (HEC), Pakistan, in collaboration with the Embassy of the People's Republic of China in Pakistan, has announced a National Short Video Competition to commemorate 75 years of diplomatic relations between Pakistan and China (1951–2026).

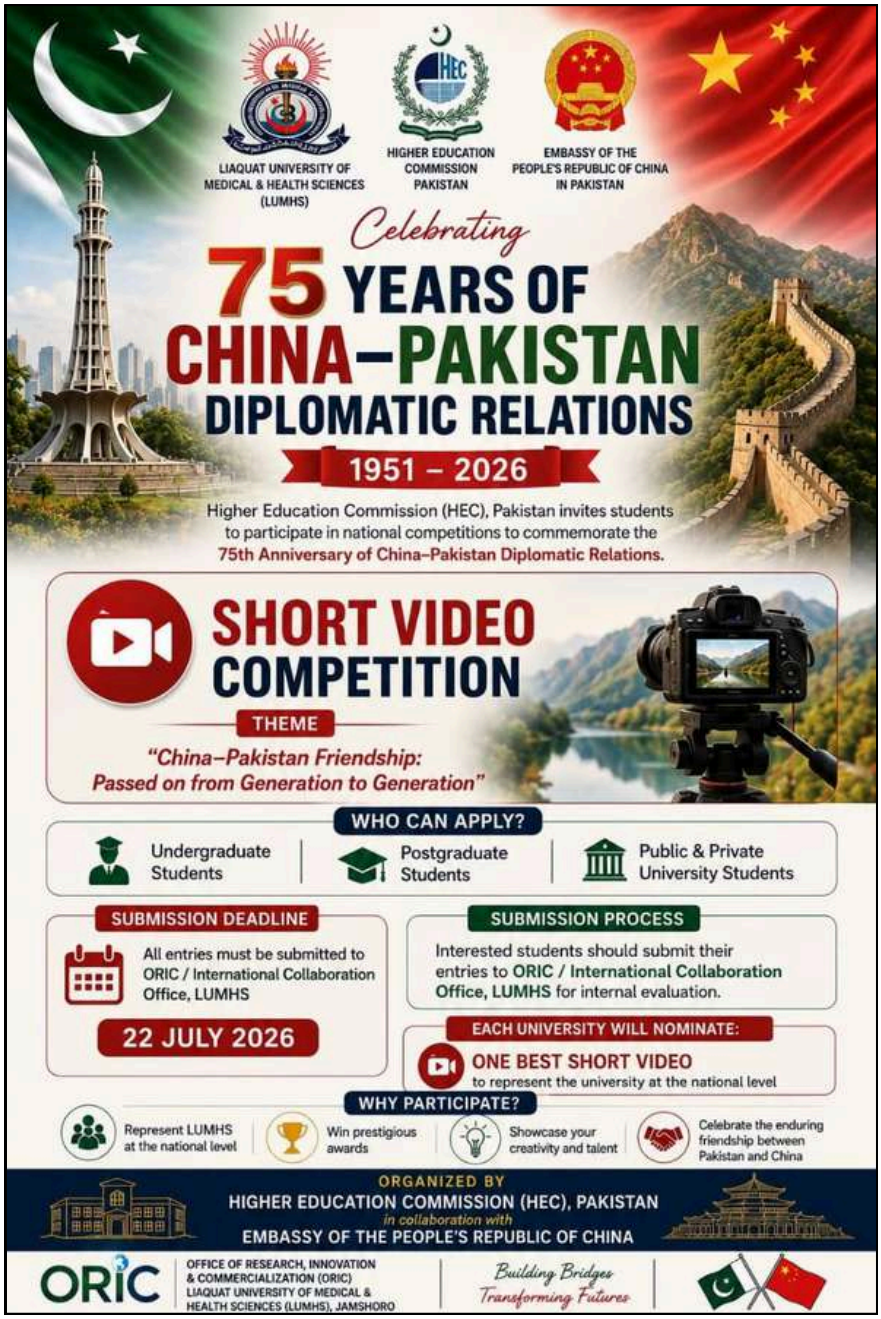
Under the theme "China-Pakistan Friendship: Passed on from Generation to Generation," the competition aims to encourage students to creatively highlight the longstanding friendship, cultural connections, mutual cooperation, and shared history between the two countries.

Undergraduate and postgraduate students from public and private universities are invited to participate. Interested LUMHS students are required to submit their video entries to the Office of Research, Innovation & Commercialization (ORIC) / International Collaboration Office, LUMHS, for internal evaluation by 22 July 2026.

Following the internal evaluation, one outstanding short video will be nominated to represent LUMHS at the national level.

LUMHS encourages its students to seize this opportunity to showcase their creativity, storytelling abilities, and artistic talent while celebrating the enduring Pakistan–China friendship.

Be creative. Share your story. Celebrate 75 years of Pak–China friendship!



LUMHS PUBLISHERS: ADVANCING SCHOLARLY COMMUNICATION AND ACADEMIC EXCELLENCE

LUMHS Publishers, operating under the Office of Research, Innovation & Commercialization (ORIC) at Liaquat University of Medical & Health Sciences (LUMHS), Jamshoro, is dedicated to promoting scholarly communication and advancing knowledge in medical and health sciences.

The initiative offers comprehensive academic publishing services, including books, medical textbooks, research monographs, conference proceedings, book chapters, eBook and print publishing, scientific editing, proofreading, cover design, typesetting, ISBN registration, DOI and metadata support, and global distribution.

With a commitment to rigorous editorial practices and peer-review standards, LUMHS Publishers aims to support researchers, academicians, faculty members, and aspiring authors in transforming their scholarly work into quality academic publications.

Through this initiative, LUMHS continues to strengthen its research ecosystem, encourage academic contributions, and expand the visibility and global reach of scholarly knowledge.

LUMHS Publishers – Transforming Knowledge into Global Impact.

RESEARCH GRANTS & FUNDING

This section presents key research funding opportunities at LUMHS, including prestigious international grants and ORIC calls for innovative proposals. It highlights the university's commitment to supporting high-impact research, fostering commercialization, and empowering faculty to translate scientific ideas into real-world solutions that advance healthcare and society.

HEC-CPEC RESEARCH PLACEMENT PROGRAM IN CHINA: APPLICATIONS OPEN FOR MS/MPHIL AND PHD SCHOLARS

The Higher Education Commission (HEC), under the CPEC Consortium of Universities, has opened applications for its Research Placement Program in China, offering an exciting opportunity for MS/MPhil and PhD scholars to gain international research exposure and academic experience.

The programme aims to strengthen research capabilities, encourage international academic collaboration, and foster stronger educational and research partnerships between Pakistan and China.

Eligible LUMHS scholars are encouraged to explore this opportunity to broaden their research horizons, engage with international academic environments, and contribute to strengthening Pakistan-China research collaboration.

Scotland Pakistan Scholarships 2026–27: Empowering Women Through Higher Education

Empowering women through education, creating opportunities for a brighter future.

The British Council, in partnership with the Scottish Government, has announced applications for the Scotland Pakistan Scholarships for Young Women and Girls 2026–27, an initiative aimed at promoting women's access to higher education and creating greater academic and professional opportunities across Pakistan.

Having supported more than 25,000 female students, the programme offers scholarship opportunities in diverse fields, including Education, Health Sciences, STEM, Sustainable Energy, Climate Change, and Agriculture & Food Security.

Eligible female students are encouraged to explore this opportunity to pursue their academic aspirations, enhance their professional development, and contribute to their communities.

Application Deadline: 15 September 2026

CALL FOR PAPER SUBMISSION

This section invites contributions for publication, providing a platform for faculty and researchers to share their scholarly work. It reflects LUMHS's commitment to promoting research dissemination, academic collaboration, and the exchange of knowledge within the scientific community.

CALL FOR PAPERS

Liaquat Medical Research Journal (LMRJ)

From Research to Publication

The Medical Research Center, Liaquat University of Medical and Health Sciences (LUMHS), Jamshoro is pleased to invite researchers, faculty members, postgraduate students, and healthcare professionals to submit their original scientific work for publication.

This initiative aims to promote research culture, encourage academic writing, and provide a platform for sharing scientific knowledge in the field of medical and health sciences.

Invitation for Submissions

- LMRJ invites submissions for its upcoming issue.
- *HEC Recognized (Y Category) and DOAJ Indexed*, ensuring academic credibility and wide research visibility.
- Also accepting for Journal of Liaquat University of Medical and Health Sciences (JLUMHS).

Submission Guidelines

Authors are advised to:

- Follow journal-specific formatting guidelines
- Ensure originality and ethical compliance
- Submit manuscripts through official journal platforms
- Manuscripts must be original and not under consideration elsewhere.
- Follow standard scientific writing format (IMRAD structure).
- Abstract should be structured (where applicable).
- Ethical approval is required for human/animal studies.

Submission Process

Manuscripts can be submitted through the official websites of the respective journals. Authors are encouraged to visit the journal portals for detailed instructions and deadlines.

We Accept

- Research Articles
- Review Articles
- Case Reports
- Short Communications

Who can apply?

- Undergraduate students
- Postgraduate trainees
- Faculty members
- Clinicians and researchers
- Allied health professionals

Why Submit With Us?

- Academic recognition & visibility through peer-reviewed publication.
- High-quality platform to showcase innovative research.
- Contribute to medical research advancement in Pakistan.
- Opportunities for students and young researchers.

LUMHS MEGA ACADEMIC EVENTS

This section showcases landmark initiatives and global engagements at LUMHS. It reflects the university's forward-looking vision in driving innovations and advancing excellence in health and education

Medical Undergraduate Research Conference (MURC) 2026

Liaquat University of Medical & Health Sciences (LUMHS), Jamshoro, successfully concluded its three-day Medical Undergraduate Research Conference (MURC) 2026, bringing together emerging young researchers, distinguished international speakers, academicians, faculty members, and healthcare professionals to celebrate scientific inquiry, innovation, and research excellence.

The academic journey began with a series of pre-conference workshops covering diverse areas of medical research and scientific advancement. Featuring international speakers, these workshops offered valuable academic perspectives, shared expertise, and opportunities for participants to engage with contemporary research concepts and developments.

The main conference provided an engaging scientific platform for undergraduate students to showcase their research, present scientific ideas, and communicate their findings. Through oral and poster presentations, students demonstrated their intellectual curiosity, research potential, and commitment to advancing medical knowledge. Outstanding contributions were acknowledged through prize distribution, celebrating the achievements and scientific efforts of participating students.

Beyond the scientific sessions, MURC 2026 fostered academic interaction, knowledge exchange, and collaboration among students, researchers, and experienced professionals. The conference highlighted the significance of nurturing research skills at the undergraduate level and encouraging future healthcare professionals to become active contributors to scientific discovery and evidence-based healthcare.

The successful completion of MURC 2026 marked another meaningful step in strengthening the research culture at LUMHS, reflecting the university's commitment to creating opportunities for young researchers, encouraging innovation, and advancing excellence in medical education and healthcare research.

MURC 2026 was more than an academic gathering; it was a celebration of young scientific minds, emerging research talent, and the future of medical innovation.

LUMHS Strengthens Its Presence in Healthcare, Medical Education and Research at Health Asia Expo 2026

Liaquat University of Medical & Health Sciences (LUMHS), Jamshoro, proudly participated in Health Asia Expo 2026, held at the Expo Centre, highlighting its ongoing contributions to medical education, healthcare delivery, scientific research, and innovation. The exhibition provided a valuable platform for LUMHS to showcase its academic programmes, institutional capabilities, research initiatives, and healthcare-related contributions while engaging with a diverse network of healthcare professionals, academic institutions, researchers, industry representatives, and other stakeholders. The event also offered opportunities for professional interaction, knowledge exchange, networking, and exploring potential avenues for institutional collaboration. Through its presence, LUMHS highlighted the importance of integrating academic excellence, research-driven innovation, and modern healthcare practices to address evolving healthcare needs. Participation in Health Asia Expo 2026 reflects LUMHS's continued commitment to strengthening its institutional presence, promoting meaningful academic and professional collaborations, and contributing to the advancement of healthcare and medical research. Through active engagement in national healthcare and academic platforms, LUMHS continues to strengthen its role in shaping the future of medical education, research, and healthcare innovation.

LUMHS HIGHLIGHTS HIGHER EDUCATION AND ACADEMIC ENGAGEMENT AT EDU CONNECT 2.0 EXPO

Liaquat University of Medical & Health Sciences (LUMHS), Jamshoro, participated in EDU CONNECT 2.0 Expo, organized by the Aga Khan Education System. The event provided a platform for educational institutions to showcase their academic offerings, engage with students and visitors, and explore opportunities for educational interaction and collaboration.

LUMHS's participation highlighted its commitment to promoting quality higher education, medical and health sciences education, research, and academic development. The expo also offered an opportunity to strengthen institutional visibility, share information about the university's academic programmes, and engage with the broader educational community.

Through participation in such educational initiatives, LUMHS continues to support academic outreach, institutional engagement, and the promotion of higher education opportunities.

Patient Safety and Quality Healthcare Services by CEO, Sindh Healthcare Commission, at LUMHS

Liaquat University of Medical & Health Sciences (LUMHS), Jamshoro, organized a special lecture on "Patient Safety and Quality Healthcare Services" on July 30, 2026, delivered by Dr. Ahsan Qavi Siddiqui, Chief Executive Officer of the Sindh Healthcare Commission. The session focused on healthcare quality standards, patient safety, clinical risk reduction, and improving healthcare delivery.

The lecture was attended by Vice Chancellor Prof. Dr. Ikram Din Ujjan, Deans, Directors, faculty members, hospital consultants, postgraduate students, nursing professionals, and allied healthcare staff. During his address, Dr. Siddiqui emphasized the importance of patient-centred care, effective quality assurance systems, and continuous improvement in healthcare services.

Following the lecture and interactive question-and-answer session, Dr. Siddiqui visited the LUMHS Examination Centre, where he reviewed the electronic examination system, and the newly established Central Digital Library, where he explored its digital learning and research facilities.

He appreciated the university's academic, research, and technological progress. The Vice Chancellor also reaffirmed LUMHS's commitment to promoting patient safety, quality medical education, research, and excellence in healthcare services through institutional collaboration.

CHAIRMAN CIEC PROF. SAROSH HASHMAT LODHI AND TEAM VISIT LUMHS

Liaquat University of Medical & Health Sciences (LUMHS), Jamshoro, had the pleasure of welcoming Prof. Sarosh Hashmat Lodhi, Chairman of the Chartered Inspection and Evaluation Committee (CIEC), along with the CIEC team. The visit provided a valuable opportunity for the team to review the ongoing academic activities, research initiatives, and various projects being undertaken at LUMHS. The engagement featured insightful discussions, exchange of ideas, and constructive feedback aimed at further strengthening the university's academic and research endeavours.

LUMHS appreciates the CIEC team's time, valuable insights, and constructive engagement. The visit reflects the importance of institutional interaction and continued collaboration in promoting research excellence, academic growth, and institutional development.

INAUGURATION OF HIV TREATMENT & SUPPORT CENTRE AT LUMHS

The Vice Chancellor of Liaquat University of Medical & Health Sciences (LUMHS), Prof. Dr. Ikram Din Ujjan, inaugurated the HIV Treatment & Support Centre at LUMHS Health Services Hospital, Jamshoro. The occasion marked an important step towards strengthening institutional healthcare facilities and expanding access to dedicated HIV-related healthcare services.

The establishment of the centre reflects LUMHS's commitment to providing accessible healthcare, promoting awareness, and ensuring compassionate, patient-centred support for people living with HIV. This initiative further demonstrates the university's continued efforts to advance healthcare delivery and address important public health needs through institutional development and dedicated medical services.

INAUGURATION OF MINOR OPERATION THEATRE AT LUMHS

Liaquat University of Medical & Health Sciences (LUMHS), Jamshoro, inaugurated a newly established Minor Operation Theatre in Ward-V on August 31, 2026. The inauguration was led by the Vice Chancellor, Prof. Dr. Ikram Din Ujjan, in the presence of Prof. Dr. Shahida Khatoon, Chairperson, Department of Surgery, along with other university officials.

Following the inauguration, the Vice Chancellor visited the newly established facility and reviewed its available facilities and equipment. The initiative represents an important step towards strengthening the hospital's surgical infrastructure and enhancing the provision of patient care services.

The establishment of the Minor Operation Theatre reflects LUMHS's continued commitment to improving healthcare facilities, strengthening clinical services, and providing better medical care to patients at LUMHS Health Services Hospital, Jamshoro.

RECENT ACADEMIC DEVELOPMENTS AT LUMHS

This section highlights academic advancements at LUMHS, including the launch of new programs, curriculum development, and key academic approvals. It reflects the university's commitment to maintaining high educational standards, fostering innovation, and aligning its offerings with evolving global academic and healthcare needs.

LUMHS Holds Academic Board Meeting Under the Chairmanship of Vice Chancellor Prof. Dr. Ikram Din Ujjan

Liaquat University of Medical & Health Sciences (LUMHS), Jamshoro, held an academic board meeting chaired by the Vice Chancellor, Prof. Dr. Ikram Din Ujjan, with the participation of faculty members from various academic disciplines.

The meeting provided a platform for academic discussions, exchange of ideas, and deliberations on matters related to teaching, academic affairs, institutional progress, and the further strengthening of educational standards at the university.

The meeting reflected the university leadership's commitment to promoting academic excellence, faculty engagement, and continuous institutional development.

STUDENT LIFE & ENGAGEMENT

This section highlights a vibrant spectrum of academic, professional, and community-centered activities at LUMHS, including ceremonies, workshops, conferences, and outreach initiatives. It reflects the university's commitment to holistic development, civic engagement, and excellence beyond the classroom.

AEWAN E AZADI & ESSAY COMPETITION

In a celebration of national pride, historical awareness, and literary expression, Liaquat University of Medical and Health Sciences (LUMHS), Jamshoro, organized an Aewan-e-Azadi programme and Essay Writing Competition at Latif Hall. The event aimed to instil a deeper appreciation of Pakistan's independence, its historical journey, and the sacrifices that shaped the nation's identity.

The essay competition encouraged students to articulate their thoughts on patriotism, national unity, freedom, and Pakistan's future through meaningful and reflective writing. It provided an opportunity for young scholars to showcase their creativity, analytical abilities, and understanding of the values that underpin a strong and progressive nation.

The programme served as a reminder that the spirit of independence extends beyond its historical significance, carrying a lasting responsibility to contribute towards the nation's development through knowledge, integrity, unity, and service. Through such academic and co-curricular initiatives, LUMHS continues to promote intellectual growth, cultural awareness, and responsible citizenship among its students.

Kashmir Solidarity Walk – LUMHS

Liaquat University of Medical and Health Sciences (LUMHS), Jamshoro, organized a Kashmir Solidarity Walk to express support for the people of Indian-administered Jammu and Kashmir. The walk highlighted the importance of raising awareness about the Kashmir issue and reaffirming the values of peace, justice, and human rights.

Held under the leadership of the Vice Chancellor, Professor Dr. Ikram Uddin Ujan, the initiative reflected LUMHS's commitment to promoting national solidarity, social awareness, and humanitarian values. The event served as a gesture of solidarity with the people of Kashmir and highlighted the importance of their right to dignity, freedom, and self-determination.

PAKISTAN INDEPENDENCE DAY CELEBRATION AT LUMHS

Liaquat University of Medical & Health Sciences (LUMHS), Jamshoro, celebrated Pakistan's Independence Day with patriotic enthusiasm and national spirit. The occasion was attended by the Vice Chancellor, Prof. Dr. Ikram Din Ujjan, along with faculty members, students, and distinguished guests.

The celebration featured speeches, cultural performances, national songs, and theatrical presentations reflecting Pakistan's rich history, cultural heritage, and spirit of unity. A cake-cutting ceremony further marked the occasion, bringing members of the university community together to commemorate the nation's independence.

The celebration provided an opportunity to reaffirm the values of freedom, unity, and national pride while highlighting the importance of collective responsibility in contributing to Pakistan's progress and a brighter future.
